Highlights

15 bar pump

High pressure ensures that the ground coffee entire aroma is always fully extracted

Adjustable cup support
With the adjustable cup support you can adjust the tray to take pleasure of your espresso in your favorite cup

Automatic capsule ejection
After each brew, the capsules are ejected into the internal container of the coffee machine for later disposal with no fuss or mess

Drip stop (Lavazza)
No coffee dripping and no mess after brewing is stopped

Hot water function
Hot water is simply poured by turning the knob, to prepare tea, cocoa, Americanos and other hot beverages

Lavazza A Modo Mio capsules

Lavazza A Modo Mio capsules contain a selection of unique coffee blends, which are vacuum-sealed, perfectly preserving the qualities and flavours of the coffee. They come in different blends to satisfy each individual taste, with the Lavazza guarantee of quality and authenticity

Removable water tank
The water tank can be easily refilled under the tap

Steam function (Lavazza)
With the steam wand milk can be frothed for lattes and cappuccinos

Superior technology for AMM
Saeco, with its long time expertise and passion for coffee, has developed an innovative extraction process that always guarantees the right temperature, pressure and coffee extraction, for an espresso that's always creamy and full-bodied
