• Full HD LED TV—brilliant LED images with incredible contrast

Television viewing at your convenience
• USB for multimedia playback
• Three HDMI inputs and Easylink for integrated connectivity

PHILIPS
Full HD Ultra Slim LED TV
108 cm (43”) LED TV, DVB T/C/T2/T2-HD/S/S2

Highlights

Ultra Slim profile

Sleek. Cutting edge. Refined. Precise. The Philips Ultra Slim silhouette. That something so slim can inspire so much interest shouldn’t be surprising, given how much sophistication it will bring to your décor.

Black blade stands

Dark, mysterious and incredibly strong. The Philips black blade stands take your TV to another level. Durable construction in an ultra-thin design meticulously exude the elegance and style of your new TV. And with their powerful stance, it’s a wonder how something so small can do so much.

Digital Crystal Clear

For natural looking pictures from any source, Philips created Digital Crystal Clear. Whether you’re indulging in your favorite shows, movies, the news, or are simply having a few friends over for a night in, you’ll enjoy it all in optimal contrast, color and sharpness.

Picture Performance Index

Picture Performance Index combines Philips display technology and advanced picture processing engines to improve the elements of perception: sharpness, motion, contrast and color. No matter the source, you’ll always enjoy razor sharp pictures with incredible detail and depth, the deepest blacks, the brightest whites, and the most vivid, brilliant colors as well as natural, lifelike skin tones every time.

USB (photos, music, video)

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

Three HDMI with Easylink

Avoid cable clutter with a single cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen. Together with Philips Easylink, you’ll need only one remote control to perform most operations on your TV, DVD, Blu-ray, set top box or home theatre system.

Full HD LED TV

Picture Quality matters. Regular HDTVs deliver quality, but you expect more. Imagine crisp detail paired with high brightness, incredible contrast and realistic colors for a true to life picture.
Specifications

Picture/Display
- Display: LED Full HD
- Diagonal screen size: 43 inch / 108 cm
- Panel resolution: 1920x1080p
- Aspect ratio: 4:3/16:9
- Brightness: 200 cd/m²
- Picture enhancement: Digital Crystal Clear

Smart Interaction
- Program: Pause TV, USB Recording*
- Ease of Use: One-stop Home button
- Firmware upgradeable: Firmware upgradeable via USB
- Teletext: 1000 page Hypertext
