PHILIPS

Highlights

Smooth and deep dimming

Change your room ambiance to suit whatever you're doing. With the Philips Dimmable LED spots you can easily adjust the light brightness at a turn of your dimmer. Dim smoothly from 100% bright light for functional activities, down to 10% soft light for a relaxed free time.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

High light output - 1000 lumen

Brighten up your home with high quality light

Integrated LED light

This spot has an integrated high quality LED light that provides optimal light output.

ClickFix easy mounting

Install your spot light easily and by yourself. Thanks to ClickFix, no extra pair of hands is needed. Simply

mount the bracket to the ceiling, connect the wires, then click and fix the lamp in one go.

5 years warranty

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Lifetime for up to 30 years

LED lights last longer, avoiding the hassle of frequent replacing of your light source. This significantly reduces waste but also saves you money in the long term.

Energy saving LED light

LED lights save up to 80% energy compared to a traditional lighting with the same light output. When you buy a Philips LED lamp or light bulb, you start saving money right away. For each light source you replace with a LED light, you will see immediate returns on a lower energy bill.

Instant brightness

There is no need to wait with Philips LED spots. They provide their full level of brightness immediately upon switching on. Their true incandescent-like warm white light instantly creates a cosy inviting atmosphere.

Perfect for accent lighting

Modern lighting with a familiar wide angle light output (40 degrees), this LED spot is suitable for both accent lighting and general purpose lighting. It is ideal for use in kitchens, living rooms and dining rooms.

Easy-to-adjust spot head

The adjustable spot head is designed to direct the light where you need it most.

High quality material

This spot light is made of long lasting, high quality materials with superior finishing. This ensures a solid and durable product which will enhance and light up your home for many years to come.
