### Video, audio and picture options

More options are available for video or picture play from a disc or USB storage device.

#### Video options

- **[Audio language]**: Select an audio language.
- **[Subtitle Language]**: Select a subtitle language.
- **[Subtitle shift]**: Change the subtitle position on the screen. Press ▲ ▼ to change the subtitle position.
- **[Information]**: Display play information.

- **[Character set]**: Select a character set that supports the DivX video subtitle (only for DivX videos).
- **[Time search]**: Skip to a specific time via the numeric buttons on the remote control.
- **[2nd audio language]**: Select the second audio language (only for Blu-ray discs that support BonusView).
- **[2nd Subtitle Language]**: Select the second subtitle language (only for Blu-ray discs that support BonusView).
- **[Titles]**: Select a title.
- **[Chapters]**: Select a chapter.
- **[Angle list]**: Select a camera angle.
- **[Menus]**: Display a disc menu.
- **[PIP selection]**: Display a picture-in-picture window (only for Blu-ray discs that support BonusView).
- **[Zoom]**: Zoom into a video picture. Press ▲ ▼ to select a zoom factor.
- **[Repeat]**: Repeat a chapter or title.
- **[Repeat A-B]**: Mark two points within a chapter for repeat play, or turn off repeat mode.
- **[2D to 3D]**: Convert instantly a 2D video to be viewed in 3D effect.
- **[Picture settings]**: Select the most optimum picture setting (powered by CinemaPerfect HD).
- **[Audio sync]**: Synchronize audio with video (HDMI connection between this player and your TV is needed).

**Note**

- Available video options depend on the video source.
Picture options

Access more options during slideshow.
• [Rotate +90]: Rotate a picture 90 degrees clockwise.
• [Rotate -90]: Rotate a picture 90 degrees counter-clockwise.
• [Zoom]: Zoom into a picture. Press ◄► to select a zoom factor.
• [Information]: Display picture information.
• [Duration per slide]: Set a display interval for a slideshow.
• [Slide animation]: Select a transition effect for a slideshow.
• [Picture settings]: Select the most optimum picture setting (powered by CinemaPerfect HD).
• [Repeat]: Repeat a selected folder.
• [2D to 3D]: Convert instantly a 2D picture to be viewed in 3D effect.

Audio options

Press OPTIONS repeatedly to cycle through the following options.
• Repeat the current track.
• Repeat all the tracks on the disc or folder.
• Play audio tracks in a random loop.
• Turn off a repeat mode.

DivX videos

You can play DivX videos from a disc or a USB storage device.

VOD code for DivX
• Before you purchase DivX videos and play them on this player, register this player on www.divx.com using the DivX VOD code.
• Display the DivX VOD code: press ¤, and select [Setup] > [Advanced] > [DivX® VOD Code].

DivX subtitles
• Press SUBTITLE to select a language.
• If the subtitle is not displayed correctly, change the character set that supports the DivX subtitle. Select a character set: press OPTIONS, and select [Character set].

<table>
<thead>
<tr>
<th>Character set</th>
<th>Languages</th>

<td>Simplified Chinese</td>
</tr>
<tr>
<td>[Chinese-Traditional]</td>
<td>Traditional Chinese</td>
</tr>
<tr>
<td>[Korean]</td>
<td>English and Korean</td>
</tr>
</tbody>
</table>
To play DivX DRM protected files from a USB storage device, connect this player to a TV through HDMI.

To use the subtitles, make sure that the subtitle file has the same name as the DivX video file name. For example, if the DivX video file is named “movie.avi”, save the subtitle file as “movie.srt” or “movie.sub”.

This player can play subtitle files in the following formats: .srt, .sub, .txt, .ssa, and .smi.

**Note**

- Make sure that the file extension must be “.RMVB” or “.RM”.

**Play a musical slideshow**

Play music and pictures simultaneously to create a musical slideshow.

1. From a disc or connected USB storage device, play a music file.
2. Press BACK, and go to the picture folder.
3. Select a picture from the same disc or USB, and press OK to start slideshow.
4. Press ■ to stop slideshow.
5. Press ■ again to stop music play.

**BonusView on Blu-ray**

View special content (such as commentaries) in a small screen window.

This feature is only applicable to Blu-ray discs compatible with BonusView (also known as picture in picture).

1. During play, press OPTIONS.
   - The options menu is displayed.
2. Select [PIP selection] > [PIP], and press OK.
   - PIP options [1]/[2] depend on the video contents.
   - The secondary video window is displayed.
3. Select [2nd audio language] or [2nd Subtitle Language], and press OK.

**Synchronize audio with video**

You can adjust the audio delay time when video is out of sync with audio.

1. Make sure that this player is connected to your TV through HDMI.
2. During play, press OPTIONS.
   - The options menu is displayed.
3. Select [Audio sync].
4. Press ▲▼ to select a value until audio is in sync with video.

**RMVB or RM files**

You can play RMVB or RM files from a disc or a USB storage device.

An Real Media Variable Bitrate (RMVB) and RealMedia (RM) file contains both audio and video. You can copy an RMVB or RM file from your computer onto a recordable disc or USB storage device. And play them from this player.

**BD-Live on Blu-ray**

Access exclusive online services, such as movie trailers, games, ringtones and other bonus contents.

This feature is only applicable to Blu-ray discs that are BD-Live enabled.

1. Prepare the Internet connection and set up a network (see "Set up a network").
2. Connect a USB storage device to this player:
   • A USB storage device is used to store the downloaded BD-Live content.
   • To delete the BD-Live previously downloaded on the USB storage device for memory release, press \(\text{Setup}\) and select \[\text{Setup}\] > [\text{Advanced}] > [\text{Clear memory}] .

3. Play a disc that is BD-Live enabled.

4. On the disc menu, select the BD-Live icon, and press \(\text{OK}\).
   \(\rightarrow\) BD-Live starts to load. The loading time depends on the disc and the Internet connection.

5. On the BD-Live interface, select an item to access.

**Note**
- BD-Live services vary from discs and countries.
- When you use BD-Live, data on the disc and this player are accessed by the content provider.
- Use a USB storage device with at least 1GB of free space to store the download.

---

### Play a Blu-ray 3D video

**What you need**
- A 3D compliant TV
- This player is connected to the TV through HDMI
- 3D glasses compatible with the TV

1. Make sure that 3D output is turned on:
   press \(\text{\#}\), and select \[\text{Setup}\] > [\text{Video}] > [\text{Watch 3D video}] > [\text{Auto}] .

2. Play a Blu-ray 3D video.

3. Put on the 3D glasses for 3D effects.
   • To play 3D video in 2D, turn off Blu-ray 3D output (press \(\text{\#}\), and select \[\text{Setup}\] > [\text{Video}] > [\text{Watch 3D video}] > [\text{Off}]).
This player has a built-in Wi-Fi for a wireless connection.

1. Press •.
2. Select [Setup], and press OK.
3. Select [Network] > [Network installation], and press OK.
4. Follow the instructions on the TV screen to complete the installation.

**Smartphone control**

Use a smartphone to browse, control and play media files from this player.

**What you need**

- An iPhone (iOS 3.1.3 and above) or Android based device (Android 2.1 and above)
- On your smartphone, download Philips MyRemote application
  - For iPhone, search for the application in App Store
  - For Android based device, search for the application in Android Market

**Before you start**

- Connect this player to a home network (see "Set up a network").
- Connect your smartphone to the same home network (see the user manual of the smartphone for details).
- Turn on this player

**Control your player**

Use a smartphone to browse, control and play media files from this player.

1. Insert a data disc or USB storage device into this player.
2. On your smartphone, tap the MyRemote icon from the home screen.
   ➔ The name of this player is displayed on the smartphone.
3. Select this player from the smartphone screen.
   ➔ The smartphone used as a virtual remote control is enabled.
4. On the smartphone, tap the Media (Media) tab, and then select the disc or USB source.
   ➔ The folders in the data disc or USB storage device are displayed.

**Caution**

- Before you connect to a network, familiarize yourself with the network router, media server software for DLNA, and networking principles. If necessary, read documentation accompanying network components. Philips is not responsible for lost, damaged, or corrupt data.
5 Open a folder, and select a file to play.
   - To access the remote control, return to the previous smartphone screen, and then tap the Remote (Remote) tab. Only the relevant control buttons are enabled.

6 Tap the control buttons on the smartphone to control play.
   - To access more control buttons, swipe the screen to the left or right.
   - To exit the application, press the home button on the smartphone.

Browse PC through DLNA

Through this player, you can stream and play video, music and photo from a computer on your TV.

Before you start
   - On your PC, install a DLNA-compliant media server application (such as Windows Media Player 11 or higher)
   - On your PC, enable media sharing and file sharing (see the "Help" document in the media server application)

1 Connect this player and your PC in the same home network (see "Set up a network").
   - For better video quality, use wired network connection whenever possible.

2 Press \home. \the home menu is displayed on the TV screen.

3 Select [browse PC], and press OK. \a content browser is displayed.

4 Select a file, and press OK to play.
   - Use the remote control to control play.

Browse Smart TV

You can access variety of Internet applications and specially adapted Internet websites.

Note

- Koninklijke Philips Electronics N.V. bears no responsibility for content provided by Smart TV service providers.

1 Connect this player to the Internet (see "Set up a network").

2 Press \home. \the home menu is displayed on the TV screen.

3 Select [Smart TV], and press OK.

4 Follow the onscreen instructions to confirm the onscreen message. \the online services available in your country are displayed.

5 Use the remote control to navigate and select an Internet application.

To remove the passwords and cookies from this player; see the section: Change settings > Network (installation, Smart TV...).
Use a USB keyboard or mouse

For convenience of Internet usage, you can connect a USB keyboard and/or mouse to type text and navigate pages on the Internet.

1 Connect a USB keyboard or mouse to the USB connector at the rear panel of this player:
   • If you connect more peripheral USB devices, connect a USB hub to this player to make multiple USB ports available.
   • You also can connect a wireless USB keyboard or mouse (see the user manual of the wireless device for details).

2 Use the keyboard to type text, or the mouse to navigate web pages.
   • To change a language for the keyboard, press 🛠️ and select [Setup] > [Preference] > [Keyboard layout].

Note
   • If a USB hub is used with this player, do not overload the USB hub with many USB devices to avoid insufficient USB power.

Use Philips EasyLink

This player supports Philips EasyLink which uses the HDMI CEC (Consumer Electronics Control) protocol. You can use a single remote control to control EasyLink compliant devices that are connected through HDMI. Philips does not guarantee 100% interoperability with all HDMI CEC devices.

1 Connect the HDMI CEC compliant devices through HDMI, and turn on the HDMI CEC operations on the TV and other connected devices (see the user manual of the TV or other devices for details).

2 Press 🛠️.

3 Select [Setup] > [EasyLink].

4 Select [On] under the options: [EasyLink], [One Touch Play] and [One Touch Standby].

   ➔ EasyLink function is turned on.

One Touch Play
When a video disc is in the disc compartment, press ▶ to wake up the TV from standby, and then play a disc.

One Touch Standby
When a connected device (for example TV) is put to standby with its own remote control, this player is put to standby automatically.

Stream media from an Android device

With Philips SimplyShare, through this player you can stream media files from an Android based device on your TV. For details, visit www.philips.com/support
3 Change settings

This section helps you change the settings of this player.

1 Press SOURCE to access the main menu.

2 Select [Setup] > [Video] to access the video setup options.
   - [TV display]: Select a picture display format to fit the TV screen.
   - [HDMI video]: Select an HDMI video resolution.
   - [HDMI Deep Color]: Display colors with more shades and hues when the video content is recorded in Deep Color and the TV supports this feature.
   - [Picture settings]: Select the most optimum picture setting (powered by CinemaPerfect HD).
   - [Watch 3D video]: Set to 3D or 2D output when playing a Blu-ray 3D disc. The player must be connected to a 3D TV through HDMI.

Sound

1 Press SOURCE.

2 Select [Setup] > [Audio] to access the audio setup options.
   - [Night mode]: Select quiet or full dynamic sound. Night mode decreases the volume of loud sound and increases the volume of soft sound (such as speech).
   - [Neo 6]: Enable or disable a surround sound effect which is converted from 2.0 channel audio.
   - [HDMI (MAIN) audio]: Select an audio format for sound output when this player is connected to a TV through HDMI OUT (MAIN) connector.
   - [HDMI (AVR) audio]: Select an audio format for sound output when this player is connected to a AV receiver through HDMI OUT (AV RECEIVER) connector (“AVR” is short for “AV Receiver”).
   - [Digital Audio]: Select an audio format for the sound output when this player is connected through a digital connector (COAXIAL or OPTICAL).
   - [PCM Downsampling]: Set the sampling rate for PCM audio output when this player is connected through a digital connector (COAXIAL or OPTICAL).
   - [Speaker setup]: Set the volume level and distance of each speaker to obtain the best possible surround sound.

Note

- If you change a setting, make sure that the TV supports the new setting.
- For settings related to HDMI, the TV must be connected through HDMI.
- For the composite connection (via the VIDEO connector), select a video resolution of 480i/576i or 480p/576p under [HDMI video] to enable video output.
**Note**

- For settings related to HDMI, the TV must be connected through HDMI.
- For a DSD compliant receiver through HDMI OUT (AV RECEIVER) connection, select [Bitstream] under [HDMI (AVR) audio] to enable DSD audio output.
- For best audio quality through analog audio connection, select [Off] under [HDMI (MAIN) audio] and select [Bitstream] under [Digital Audio] to enable DSD audio output.
- If DSD audio output is enabled (HDMI or analog), digital audio output is muted.
- Night mode is only available for Dolby encoded DVD and Blu-ray discs.

---

**Network (installation, Smart TV...)**

1. Press \.
2. Select [Setup] > [Network] to access the network setup options.
   - [Network installation]: Start a wired or wireless installation to make the network work.
   - [View network settings]: Display the current network status.
   - [View wireless settings]: Display the current Wi-Fi status.
   - [Clear Smart TV memory]: Clear the history of Smart TV browser (such as cookies).
   - [Name your Product]: Re-name this player for identification in a home network.

---

**Preference (languages, parental control...)**

1. Press \.
2. Select [Setup] > [Preference] to access the preference setup options.
   - [Menu language]: Select an onscreen display menu language.
   - [Keyboard layout]: Select a language for a connected keyboard.
   - [Audio]: Select an audio language for video.
   - [Subtitle]: Select a subtitle language for video.
   - [Disc menu]: Select a menu language for a video disc.
   - [Parental control]: Restrict access to discs that are encoded with ratings. Input "0000" to access the restriction options. To play all discs irrespective of the rating, select level "8".
   - [HDMI Out]: Set the number of HDMI outputs in use.
   - [Screen saver]: Enable or disable screen saver mode. If enabled, the screen enters idle mode after 10 minutes of inactivity (for example, in pause or stop mode).
   - [Auto subtitle shift]: Enable or disable subtitle shift. If enabled, the subtitle position is changed automatically to fit the TV screen (this feature works with some Philips TVs only).
   - [Change password]: Set or change a password to play a restricted disc. Input "0000" if you do not have a password or if you have forgotten your password.
   - [Display panel]: Change the brightness of the display panel of the player.
   - [Auto standby]: Enable or disable auto standby. If enabled, the player switches to standby after 30 minutes of inactivity (for example, in pause or stop mode).
   - [Fast wake up]: Enable or disable the player to wake up faster from standby. If fast wakeup is turned off, less power is consumed during standby.
   - [VCD PBC]: Display or skip the content menu for VCD and SVCD.
   - [SACD layer]: Select an option to play SACD or CDDA on a hybrid SACD (selectable only when no disc is loaded, or the disc compartment is ejected).
4 Update software

Before you update the software of this player, check the current software version:
- Press \( \text{Menu} \), and then select [Setup] > [Advanced] > [Version information], and press OK.

Update software via the Internet

1 Connect the player to the Internet (see "Set up a network").
2 Press \( \text{Menu} \), and select [Setup].
3 Select [Advanced] > [Software update] > [Network].
   - If an upgrade media is detected, you are prompted to start the update.
4 Follow the instructions on the TV screen to update the software.
   - When the update is complete, the player automatically turns off and on again.

Update software via USB

1 Check the latest software version on www.philips.com/support.
   - Search for your model and click on "Software and drivers".
2 Download the software into a USB storage device.
   1 Unzip the download, and make sure that the unzipped folder is named "UPG_ALL".
   2 Put the "UPG_ALL" folder in the root directory.
3. Connect the USB storage device to the (USB) connector on this player.

4. Press †, and select [Setup].

5. Select [Advanced] > [Software update] > [USB].
   ➔ If an upgrade media is detected, you are prompted to start the update.

6. Follow the instructions on the TV screen to update the software.
   ➔ When the update is complete, this player automatically turns off and on again.

Caution
• Do not turn off the power or remove the USB storage device when the software update is in progress because you might damage this player.

5 Specifications

Note
• Specifications are subject to change without notice

Region code
This player can play discs with the following region codes.

<table>

6 Troubleshooting

Warning
Risk of electric shock. Never remove the casing of the player.

To keep the warranty valid, never try to repair the player yourself.
If you have problems using this player; check the following points before you request service. If you still have a problem, register your player and get support at www.philips.com/support.
If you contact Philips, you will be asked for the model and serial number of this player. The model number and serial number are on the back of this player. Write the numbers here:
Model No. __________________________
Serial No. __________________________

Main unit
The buttons on this player do not work.
- Disconnect this player from the power supply for a few minutes, and then reconnect.

Picture
No picture.
- Make sure that the TV is switched to the correct source input for this player.
- For the composite connection (via the VIDEO connector) to the TV, on this player select a video resolution of 480i/576i or 480p/576p to enable video output (press \[Setup\] > \[Video\] > \[HDMI video\]).

No picture on HDMI connection.
- Make sure that the HDMI cable is not faulty. If it is faulty, replace with a new HDMI cable.
- On the remote control, press \[\] and then press “731” (numeric buttons) to recover.

• 7.1 Channel analog output
  • Audio Front L + R: 2 Vrms (> 1 kohm)
  • Audio Surround L + R: 2 Vrms (> 1 kohm)
  • Audio Center: 2 Vrms (> 1 kohm)

• Wave length: 398 ~ 412nm (BD), 650 ~ 664nm (DVD), 784 ~ 796nm (CD)
• Output power (Max ratings): 20mW (BD), 7mW (DVD), 7mW (CD)
picture display. Or wait for 10 seconds for auto recovery.

- If this player is connected to an unauthorized display device with an HDMI cable, the audio and video signals may not be output.

The disc does not play high-definition video.

- Make sure that the disc contains high-definition video.
- Make sure that the TV supports high-definition video.

Sound

No audio output from the TV.

- Make sure that the audio cables are connected to the audio input of the TV.
- Make sure that the TV is switched to the correct source input for this player.

No audio output from the loudspeakers of the external audio device (home theater or amplifier).

- Make sure that the audio cables are connected to the audio input of the audio device.
- Switch the external audio device to the correct audio source input.

No 7.1 channel audio from the loudspeaker of the audio system.

- Make sure that the disc contains 7.1 channel audio.
- Make sure that the audio device supports 7.1 channel audio.
- Make sure that the audio format is supported by the disc and the connected audio device (amplifier/receiver).
- For play of video files with DTS multi-channel audio from USB or DLNA, only 2 channel audio can be heard from multi-channel connection.

No sound on HDMI connection.

- You may not hear any sound from the HDMI output if the connected device is non-HDCP compliant or only DVI-compatible.

No secondary audio output for Picture-in-Picture feature.

- When [Bitstream] under [HDMI (MAIN) audio], [HDMI (AVR) audio] or [Digital Audio] menu is selected, interactive sound like secondary sound for Picture-in-Picture feature is muted. De-select [Bitstream].

No SACD/DSD audio output.

- For a hybrid SACD, select SACD option under 🛠 > [Setup] > [Preference] > [SACD layer] (selectable only when no disc is loaded, or the disc compartment is ejected).
- For a DSD compliant receiver through HDMI OUT (AV RECEIVER) connection, to enable DSD audio output, select [Bitstream] under [HDMI (AVR) audio] (press 🛠 > [Setup] > [Audio]).

Play

Cannot play a disc.

- Clean the disc.
- Make sure that the disc is correctly loaded.
- Make sure that this player supports the disc. See “Specifications”.
- Make sure that this player supports the region code of the DVD or BD.
- For DVD±RW or DVD±R, make sure that the disc is finalized.

Cannot play DivX video files.

- Make sure that the DivX video file is complete.
- Make sure that the video file name extension is correct.
- To play DivX DRM protected files from a USB storage device or a network, connect this player to a TV through HDMI.

DivX subtitles do not display correctly.

- Make sure that the subtitle file has the same name as the DivX video file.
- Make sure that the subtitle file has an extension name supported by this player (.srt, .sub, .txt, .ssa, or .smi).
Cannot read the contents of a connected USB storage.
• Make sure that the format of the USB storage device is compatible with this player.
• Make sure that the file system on the USB storage device is supported by this player.
• For a USB HDD (a portable hard disc drive), an external power source may be needed.

'No entry' or 'x' sign is displayed on the TV.
• The operation is not possible.

EasyLink feature does not work.
• Make sure that this player is connected to the Philips brand EasyLink TV, and the EasyLink option is turned on (see "Use your Blu-ray disc/ DVD player" > "Use Philips EasyLink").

Cannot access BD-Live features.
• Make sure that this player is connected to the network (see "Use your Blu-ray disc/ DVD player" > "Set up a network").
• Make sure that the network installation is made (see "Use your Blu-ray disc/ DVD player" > "Set up a network").
• Make sure that the Blu-ray disc supports BD-Live features.
• Clear memory storage (see "Change settings" > "Advanced options (BD-Live security, clear memory...) ").

3D videos

Cannot see 3D effects
• Make sure that 3D output is turned on (see "Use your Blu-ray disc/ DVD player" > "Play a Blu-ray 3D video").
• Make sure that the disc title being played is Blu-ray 3D compliant.
• Make sure that the TV is 3D and HDMI compliant, and the TV is set to 3D mode (refer to the TV's user manual).
• Make sure that the 3D glasses are activated (refer to the TV's user manual).

Network

Wireless network is not found or distorted.
• Make sure that the network is correctly connected (see "Use your Blu-ray disc/ DVD player" > "Set up a network").
• Make sure that the network installation is made (see "Use your Blu-ray disc/ DVD player" > "Set up a network").
• Make sure that the wireless network is not disturbed by microwave ovens, DECT phones, or other neighboring Wi-Fi devices.
• If the wireless network does not work properly, try a wired network installation (see "Use your Blu-ray disc/ DVD player" > "Set up a network").
7 Safety and important notice

Read and understand all instructions before you use this Blu-ray disc/DVD player. If damage is caused by failure to follow the instructions, the warranty does not apply.

Safety

Risk of electric shock or fire!
- Never expose the product and accessories to rain or water. Never place liquid containers, such as vases, near the product. If liquids are spilt on or into the product, disconnect it from the power outlet immediately. Contact Philips Consumer Care to have the product checked before use.
- Never place the product and accessories near naked flames or other heat sources, including direct sunlight.
- Never insert objects into the ventilation slots or other openings on the product.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Battery (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.
- Disconnect the product from the power outlet before lightning storms.
- When you disconnect the power cord, always pull the plug, never the cable.

Risk of short circuit or fire!
- Before you connect the product to the power outlet, ensure that the power voltage matches the value printed on the back or bottom of the product. Never connect the product to the power outlet if the voltage is different.

Risk of injury or damage to the product!
- Visible and invisible laser radiation when open. Avoid exposure to beam.
- Do not touch the disc optical lens inside the disc compartment.
- Never place the product or any objects on power cords or on other electrical equipment.
- If the product is transported in temperatures below 5°C, unpack the product and wait until its temperature matches room temperature before connecting it to the power outlet.

Risk of overheating!
- Never install this product in a confined space. Always leave a space of at least four inches around the product for ventilation. Make sure that curtains or other objects never cover the ventilation slots on the product.

Risk of contamination!
- Do not mix batteries (old and new or carbon and alkaline, etc.).
- Remove batteries if they are exhausted or if the remote control is not to be used for a long time.
- Batteries contain chemical substances, they should be disposed of properly.

Risk of swallowing batteries!
- The product/remote control may contain a coin type battery, which can be swallowed.
- Keep the battery out of reach of children at all times!
3D health warning

- If you or your family has a history of epilepsy or photosensitive seizures, consult a medical professional before exposing yourself to flashing light sources, rapid image sequences or 3D viewing.
- To avoid discomfort such as dizziness, headache or disorientation, we recommend not watching 3D for extended periods of time. If you experience any discomfort, stop watching 3D and do not immediately engage in any potentially hazardous activity (for example driving a car) until your symptoms have disappeared. If symptoms persist, do not resume watching 3D without consulting a medical professional first.
- Parents should monitor their children during 3D viewing and ensure they do not experience any discomfort as mentioned above. Watching 3D is not recommended for children under 6 years of age as their visual system is not fully developed yet.

Care of the environment

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products and batteries. The correct disposal of these products helps prevent potentially negative consequences on the environment and human health.

Your product contains batteries, which cannot be disposed of with normal household waste. Please inform yourself about the local rules on separate collection of batteries. The correct disposal of batteries helps prevent potentially negative consequences on the environment and human health.

Please visit www.recycle.philips.com for additional information on a recycling center in your area.

Care for your product

- Do not insert any objects other than discs into the disc compartment.
- Do not insert warped or cracked discs into the disc compartment.
- Remove discs from the disc compartment if you are not using the product for an extended period of time.
- Only use microfiber cloth to clean the product.

Compliance

This is CLASS II apparatus with double insulation, and no protective earth provided.

Copyright

This item incorporates copy protection technology that is protected by U.S. patents and other intellectual property rights of
Rovi Corporation. Reverse engineering and disassembly are prohibited.
This product incorporates proprietary technology under license from Verance Corporation and is protected by U.S. Patent 7,369,677 and other U.S. and worldwide patents issued and pending as well as copyright and trade secret protection for certain aspects of such technology. Cinavia Notice
This product uses Cinavia technology to limit the use of unauthorized copies of some commercially-produced film and videos and their soundtracks. When a prohibited use of an unauthorized copy is detected, a message will be displayed and playback or copying will be interrupted.
More information about Cinavia technology is provided at the Cinavia Online Consumer Information Center at http://www.cinavia.com. To request additional information about Cinavia by mail, send a postcard with your mailing address to: Cinavia Consumer Information Center, P.O. Box 86851, San Diego, CA, 92138, USA.

Open source software
Philips Electronics Singapore hereby offers to deliver, upon request, a copy of the complete corresponding source code for the copyrighted open source software packages used in this product for which such delivery is requested by the respective licenses. This offer is valid up to three years after product purchase to anyone in receipt of this information. To obtain source code, please send your request in English with product type to open.source@philips.com. If you prefer not to use email or if you do not receive confirmation receipt within 2 weeks after mailing to this email address, please write in English to “Open Source Team, Philips Intellectual Property & Standards, P.O. Box 220, 5600 AE Eindhoven, The Netherlands”. If you do not receive timely confirmation of your letter, please email to the email address above. The texts of the licenses and acknowledgements for open source software used in this product are included on a separate leaflet.

Notes to End User:
By using this product with RealNetworks software and services, the end user agrees to the following terms of REALNETWORKS, INC:
• End User may only use the software for private, non-commercial use in accordance with the terms of RealNetworks EULA.
• End User is not allowed to modify, translate, reverse engineer, decompile, dissemble or use other means to discover the source code or otherwise replicate the functionality of the Real Format Client Code, except to the extent that this restriction is expressly prohibited by applicable law.
• RealNetworks Inc. disclaims all warranties and conditions other than those set forth in this Agreement which are in lieu of all other warranties, whether express and implied, including but not limited to implied warranties of merchantability and fitness for a particular purpose; and effectively exclude all liability for indirect, special, incidental and consequential damages, such as but not limited to lost profits.
