# Highlights

## Ionic Care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

## Titanium enriched barrel

Titanium, used professionally, is valued for its robustness and quick heat transfer resulting in better styling performance. The barrel is enriched with titanium for perfect results.

## Curl Ready Indicator

Unique Curl Ready Indicator lets you know when your curl is ready by giving a "beep" signal. This innovative feature helps you get beautiful curls and waves while helping prevent hair overheating. You can always style without using it if you prefer other styling times.

## Up to 210°C

High temperature enables you to change the shape of your hair and get the curly look you want.

## Digital temperature settings

Digital display with 9 temperature settings gives you absolute control to adjust temperature to your hair type for damage prevention.

## Longer barrel

This curler has long barrel of 160mm, ideal for curling long or thick hair.

## Safety stand

The safety stand enables you to put the curler down safely during use

## Fast heat up time

This styler has a fast heat up time, being ready to use in 45 seconds.

## Key-lock function

You are always in control. No more accidental temperature change with the key-lock function.

## Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

## 1.8 m cord

Convenient to use thanks to the 1.8m power cord length.
