## PHILIPS

### 3 Preparation for use (Fig.2)

- Wash your hair and blow dry until it is dry.
- Use a wide-toothed comb to brush your hair. Ensure your hair is tangle-free.
- Apply heat protection spray to your hair before getting started.
- Separate your hair into sections before styling.

- Tip**
  - Try to practice with this appliance several times before switching it on. With practice, the styling results will improve over time.

#### Use the fast-stop-step styling instructions on Quick Start Guide.

- After use:**
- Switch off the appliance and unplug it.
  - Place it on a heat-resistant surface until it cools down.
  - Clean the appliance by damp cloth.
  - Keep it in a safe and dry place, free of dust.

### 4 Styling tips

- Tip**
  - If you want to know how to make curls, please visit [www.philips.com/curlguide](http://www.philips.com/curlguide)

- Keep your hair dry when curling.
- For longer lasting results, apply styling spray onto each section before curling.
- For additional touch up, you may put some finishing spray after the styling is completed.
- If your hair is chemically treated (colored or permed), always use a styling product which offers heat protection before styling.
- Always use the right curls by applying different techniques.
  - For inward curls, rotate the device towards your head.
  - For outward curls, rotate the device away from your head.
  - Mix the two types of curls for a more natural and modern style.
- The curl will tighten if you turn the device in full circle or keep turning the device while pulling downward.
- If you use the device less than 180 degrees the curl will be less pronounced. Try to turn the device at least 180 degrees and keep the device parallel to the floor while pulling downward **slowly and continuously** in order to guarantee good curls.
- This curler can also be used to smoothen or straighten hair. Simply put the hair strand in between the plates by pressing the buttons and gently stroke downward.
- This curler can also be used for **creating volume** at the hair roots. Place a piece of hair in between the plates and hold the device 90 degrees to the scalp for a few seconds. Slowly release the hair strand by pressing the hot buttons.
- It is possible to press the curler over the buttons and have a narrow space between the plates for creating a blower hair strand.
- When you have finished curling a hair strand, always blow the curl to shape better by holding it up before continuing with styling.
- Gently brush the hair after curling for more natural curls.
- When hair is styled or being styled, always use the lock button during the application to release the hair.

### 1 Important

Read this user manual carefully before you use the appliance and keep it for future reference.

- WARNING:** Do not use this appliance near water.

When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a risk, even when the appliance is switched off.

**WARNING:** Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

Always unplug the appliance after use.

If the mains cord is damaged, you must have it replaced by Philips, a service centre authorised by Philips or similarly qualified persons in order to avoid a hazard.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children should not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

Before you connect the appliance, ensure that the voltage indicated on the appliance corresponds to the local power voltage.

Do not use the appliance for any other purpose than described in this manual.

When the appliance is connected to the power, never leave it unattended. Never use any accessories or parts from other manufacturers or that Philips does not specifically recommend. If you use such accessories or parts, your guarantee becomes invalid.

Do not wind the mains cord round the appliance.

Wait until the appliance has cooled down before you store it.

Pay full attention when using the appliance since it could be extremely hot. Only hold the handle or other parts are hot and avoid contact with the skin.

Always place the appliance on a heat-resistant, stable flat surface. The hot plate should never touch the surface or other flammable material.

Avoid the mains cord from coming into contact with the hot parts of the appliance.

Keep the appliance away from flammable objects and material when it is switched on.

Never connect the appliance with anything (e.g. a towel or clothing) when it is hot.

Only use the appliance on dry hair. Do not operate the appliance with wet hands.

Keep the appliance clean and free of dust and styling products such as mousse, spray and gel. Never use the appliance in combination with styling products.

The plates have coating. This coating might slowly wear away over time. However, this does not affect the performance of the appliance.

If the appliance is used on color-treated hair, the plate may be stained. Before using it on artificial hair, always consult your distributor.

Always return the appliance to a service centre authorized by Philips for examination or repair. Repair by unqualified people could result in an extremely hazardous situation for the user.

Do not insert metal objects into openings to avoid electric shock.

Do not plug on the power cord after using. Always unplug the appliance by holding the plug.

It is normal to find moisture on the device during use.

Geben Sie acht bei der Verwendung des Geräts, da es äußerst heiß sein könnte. Halten Sie nur den Griff, da die anderen Teile heiß sind, und vermeiden Sie Kontakt mit der Haut.

Stellen Sie das Gerät immer auf eine hitzebeständige, stabile ebene Fläche. Die heiße Heizplatte sollte nie die Oberfläche oder anderes brennbares Material berühren.

Achten Sie darauf, dass das Netzkabel nicht mit den heißen Teilen des Geräts in Berührung kommt.

Halten Sie das eingeschaltete Gerät fern von leicht entzündbaren Gegenständen und Materialien.

Bedecken Sie das heiße Gerät niemals mit Handtüchern, Kleidungsstücken oder anderen Gegenständen.

Verwenden Sie das Gerät nur an getrocknetem Haar. Bedienen Sie das Gerät nicht mit nassen Händen.

Halten Sie das Gerät sauber und frei von Staub festiver Styling-Produkten wie Schaumfestiger, Styling-Spray und Gel. Verwenden Sie das Gerät nie in Kombination mit Stylingprodukten.

Die Platten verfügen über eine Beschichtung. Diese Beschichtung nutzt sich im Laufe der Zeit ab. Dies hat jedoch keinerlei Einfluss auf die Leistung des Geräts.

Bei Verwendung mit getöntem oder gefärbtem Haar kann sich die Heizplatte möglicherweise verfärben. Wenden Sie sich an Ihren Händler, bevor Sie es für künstliches Haar verwenden.

Geben Sie das Gerät zur Überprüfung bzw. Reparatur stets an ein von Philips autorisiertes Service-Center. Eine Reparatur durch unqualifizierte Personen kann zu einer hohen Gefährdung für den Verbraucher führen.

Führen Sie keine Metallgegenstände in die Öffnungen ein, da dies zu Stromschlägen führen kann.

Ziehen Sie nach der Verwendung nicht am Netzkabel. Ziehen Sie stattdessen am Netzstecker, um das Gerät von der Stromversorgung zu trennen.

Es ist normal, während des Gebrauchs Feuchtigkeit auf dem Gerät vorzufinden.

Die Platten verfügen über eine Beschichtung. Diese Beschichtung nutzt sich im Laufe der Zeit ab. Dies hat jedoch keinerlei Einfluss auf die Leistung des Geräts.

Bei Verwendung mit getöntem oder gefärbtem Haar kann sich die Heizplatte möglicherweise verfärben. Wenden Sie sich an Ihren Händler, bevor Sie es für künstliches Haar verwenden.

Geben Sie das Gerät zur Überprüfung bzw. Reparatur stets an ein von Philips autorisiert

oleh orang yang tidak ahli dapat sangat merugikan bagi penggunaanya.

Jangan memasukkan barang logam ke dalam lubang untuk menghindari kejutan listrik.

Jangan menarik kabel listrik setelah penggunaan. Selalu cabut alat dengan memegang stekernya.

• Normal jika terdapat kelembapan pada perangkat selama penggunaan.

**Alam elektrik (EMF)**

Media Philips ini memuat standar dan peraturan yang berlaku terkait paparan terhadap medan elektromagnet.

## Lingkungan

Simbol ini berarti produk ini dilindungi dengan bersama limbah rumah tangga normal (D01/05/06). Untuk pemrosesan pengumpulan produk-produk elektronik dan elektronik di negara Anda, Pembangunan produk secara berkala membantu memotong dampak negatif terhadap lingkungan dan kesehatan manusia.

## 2 Ikhtisar (Gbr.1)

- 1 Tombol pengaman
- 2 Panel kontrol-buka-kunci
- 3 Kabel daya
- 4 Sabuk on/off (hidup/mati)
- 5 Indikator daya

## 3 Persiapan penggunaan (Gbr.2)

- Keramik rambut Anda dan blow dry (keringan dengan pengering) yang rusak.
- Gunakan sersik sikat bergelombang untuk menyisir rambut Anda. Pasukan rambut Anda bisa rusak.
- Berikan perawatan pelindung dari panas pada rambut sebelum mulai mengeringkan rambut dengan menggunakan alat.
- Perhatikan keramik rambut dengan menggunakan bagian sebelum menyala.

## 4 Tip

- Cobalah berlatih menggunakan alat ini beberapa kali sebelum menggunakannya. Hal ini membantu Anda memahami cara mengontrol alat dengan mudah.

**Anda dapat menemukan informasi tambahan langkah demi langkah di Panduan Pemula Singkat.**

## 5 Perhatian

- Keramik rambut Anda dan blow dry (keringan dengan pengering) yang rusak.
- Gunakan sersik sikat bergelombang untuk menyisir rambut Anda. Pasukan rambut Anda bisa rusak.
- Berikan perawatan pelindung dari panas pada rambut sebelum mulai mengeringkan rambut dengan menggunakan alat.
- Perhatikan keramik rambut dengan menggunakan bagian sebelum menyala.

## 6 Kiat menata rambut

- **Tip**

- **Tip**

Rambut hair dan lidah keadaan sangat penting.

Untuk hasil yang dalam lebih lama, serempikan hairpray ke top bagian rambut yang akan dikepang.

• Untuk seruan tambahan setelah penataan selesai serempikan rambut hairpray.

• Untuk hasil yang dalam dengan bahan perawatan kimia (dewanan atau dikepang) selalu gunakan produk penataan yang memisahkan perlindungan terhadap panas sebelum penataan.

• Selalu gunakan rambut yang sudah kering sebelum dengan alat yang dikepang. Dengan menggunakan pengering rambut dengan suhu sekitar 30 cm untuk mengkilap gaya keringan.

• Anda bisa membuat berbagai jenis gaya keringan seperti kering ke belakang atau ke samping atau keel dengan menggunakan teknik yang berbeda.

• Untuk kering ke dalam, putar alat ke arah kepala Anda.

• Untuk kering ke luar, putar alat menjauhi kepala Anda.

• Gubungkan lidah jenis gaya keringan ini untuk mendapatkan hasil yang lebih alami dan modern.

• Hasil keringan dapat menjadi lebih tajam jika Anda memutar alat dengan perlahan untuk atau terus-menerus sambil sambil menyuarinya ke arah bawah.

• Jika Anda memutar alat kurang dari 180 derajat, hasil keringan tidak akan terlalu terlihat. Cobalah untuk memutar alat sedikitnya 180 derajat dan juga agar posisi alat selalu sejajar dengan lantai sambil memutarinya ke bawah secara perlahan dan tanpa hentai agar keringan yang dihasilkan lebih baik.

• Pengering ini juga dapat digunakan untuk membuat rambut terlihat lebih halus dan lurus. Cobalah melakukan alat rambut di antara plat sebelum mengeringkan rambut dengan menggunakan alat.

• Untuk membuat rambut terlihat lebih halus dan lurus, gunakan alat dengan memutar alat ke arah bawah.

• Selalu Anda membuat berbagai jenis gaya keringan seperti kering ke belakang atau ke samping atau keel dengan menggunakan teknik yang berbeda.

• Dengan pelat, sikat rambut ke arah samping mengeringkan rambut dengan keringan yang lebih halus.

• Apabila rambut terangkut atau tertarik saat penggunaan, tekan tombol kontrol-buka-kunci untuk melepaskan rambut.

## 1 Importante

Leggere attentamente il presente manuale prima di utilizzare l'apparecchio e conservarlo come riferimento futuro.

• **AVVERTENZA:** non utilizzare questo apparecchio in prossimità di acqua.

• Quando l'apparecchio viene usato in bagno, scollegerlo dopo l'uso poiché la vicinanza all'acqua rappresenta un rischio anche quando il sistema è spento.

• **AVVERTENZA:** non utilizzare questo apparecchio in prossimità di vasche da bagno, docce, lavandini o altri recipienti contenenti acqua.

• Dopo l'utilizzo, scolleare sempre l'apparecchio.

• Se il cavo di alimentazione è danneggiato deve essere sostituito da Philips, da un centro di assistenza autorizzato Philips o da persone qualificate al fine di evitare possibili danni.

• Quest'apparecchio può essere usato da bambini di età superiore agli 8 anni e da persone con capacità mentali, fisiche o sensoriali ridotte, prive di esperienza o conoscenze adeguate a condizione che tali persone abbiano ricevuto assistenza o formazione per utilizzare l'apparecchio in maniera sicura e capiscano i potenziali pericoli associati a tale uso. Evitare che i bambini giochino con l'apparecchio. Le operazioni di pulizia e manutenzione non devono essere eseguite da bambini senza la supervisione di un adulto.

• Prima di collegare l'apparecchio assicurarsi che la tensione indicata su quest'ultimo corrisponda a quella locale.

• Non utilizzare l'apparecchio per scopi non descritti nel presente manuale.

• Quando l'apparecchio è collegato all'alimentazione, non lasciarlo mai incustodito.

• Non utilizzare mai accessori o parti di altri produttori oppure componenti non consigliati in modo specifico da Philips. In caso di utilizzo di tali accessori o parti, la garanzia si annulla.

• Non attorcigliare il cavo di alimentazione attorno all'apparecchio.

• Lasciare raffreddare l'apparecchio prima di riporlo.

• Prestare la massima attenzione durante l'uso dell'apparecchio poiché potrebbe essere estremamente caldo. Utilizzare esclusivamente l'apposita impugnatura poiché le altre parti sono calde ed evitare il contatto con la pelle.

• Appoggiare sempre l'apparecchio su una superficie piana, stabile e termoisolante. La piastra calda non deve mai toccare la superficie o altro materiale infiammabile.

• Evitare che il cavo di alimentazione entri in contatto con le parti surriscaldate dell'apparecchio.

• Tenere l'apparecchio acceso lontano da oggetti e materiali infiammabili.

• Non coprire mai l'apparecchio (ad esempio con un asciugamano o un indumento) quando è caldo.

• Utilizzare l'apparecchio solo su capelli asciutti. Non utilizzare l'apparecchio con le mani bagnate.

• Assicurarsi che l'apparecchio sia pulito e privo di polvere e residui di prodotti modellanti come mousse, spray o gel. Non utilizzare mai l'apparecchio insieme a prodotti modellanti.

• Le piastre dispongono di un rivestimento. Quest'ultimo è soggetto a usura nel corso del tempo. Questo, tuttavia, non compromette le prestazioni dell'apparecchio.

• Se l'apparecchio viene utilizzato su capelli tinti, la piastra potrebbe macchiarli. Prima di utilizzarlo su capelli artificiali, consultare sempre il produttore.

• Per eventuali controlli o riparazioni, rivolgersi sempre a un centro servizi autorizzato da Philips. La riparazione da parte di persone non qualificate potrebbe mettere in serio pericolo l'incolumità dell'utente.

• Per evitare il rischio di scariche elettriche, non inserire oggetti metallici nelle aperture.

• Non tirare il cavo di alimentazione dopo l'uso. Scollegare sempre l'apparecchio tenendo la spina.

• È normale riscontrare la presenza di umidità sul dispositivo durante l'utilizzo.

• Per evitare il rischio di scariche elettriche, non inserire oggetti metallici nelle aperture.

• Non tirare il cavo di alimentazione dopo l'uso. Scollegare sempre l'apparecchio tenendo la spina.

• È normale riscontrare la presenza di umidità sul dispositivo durante l'utilizzo.

• Per evitare il rischio di scariche elettriche, non inserire oggetti metallici nelle aperture.

• Non tirare il cavo di alimentazione dopo l'uso. Scollegare sempre l'apparecchio tenendo la spina.

• È normale riscontrare la presenza di umidità sul dispositivo durante l'utilizzo.

• Per evitare il rischio di scariche elettriche, non inserire oggetti metallici nelle aperture.

• Gebruik nooit accessoires of onderdelen van andere fabrikanten of die niet specifiek zijn aanbevolen door Philips. Als u dergelijke accessoires of onderdelen gebruikt, vervalt de garantie.

• Wikkel het netsnoer niet om het apparaat.

• Wach met opbergen tot het apparaat is afgekoeld.

• Vees zeer voorzichtig bij gebruik van het apparaat. Het kan bijzonder heet zijn. Houd het handvat alleen vast als andere onderdelen heet zijn en vermijd contact met de huid.

• Plaats het apparaat altijd op een hittebestendige, stabile, vlakke ondergrond. Laat de hete plaat nooit in contact komen met de ondergrond of met ander brandbaar materiaal.

• Voorkom dat het netsnoer in aanraking komt met de hete delen van het apparaat.

• Houd het apparaat uit de buurt van brandbare voorwerpen en materialen als het is ingeschakeld.

• Dek het apparaat nooit af als het heet is (bijv. met een handdoek of kleding).

• Gebruik het apparaat alleen op droog haar. Bedien het apparaat niet met natte handen.

• Houd het apparaat schoon en vrij van stof en stylingproducten zoals mousse, haarkl en gel. Gebruik het apparaat nooit in combinatie met stylingproducten.

• De platen hebben een coating. Deze laag kan in de loop der tijd langzaam verslijten. Dit heeft echter geen invloed op de prestaties van het apparaat.

• De plaat van het apparaat kan verkleuren/vertonen bij gebruik met gekleurde haar. Raadpleeg voor gebruik met kunsthaar de distributeur.

• Breng het apparaat altijd naar een door Philips geautoriseerd servicecentrum voor onderzoek of reparatie. Reparatie door een onbevoegde persoon kan leiden tot een bijzonder gevaarlijke situatie voor de gebruiker.

• Steek geen metalen voorwerpen in de openingen, om elektrische schokken te voorkomen.

• Trek na gebruik niet aan het netsnoer. Haal het netsnoer altijd uit het stopcontact door aan de stekker te trekken.

med apparatet. Barn skal ikke utføre rengjøring eller vedlikehold uten tilsyn.

• For du kobler til apparatet, må du kontrollere at spenningen som er angitt på apparatet, stemmer med den lokale nettspenningen.

• Ikke bruk apparatet til noe annet formål enn det som beskrives i denne veiledningen.

• Når apparatet er koblet til strømmen, må du aldri la det stå uten tilsyn.

• Ikke bruk tibeøher eller deler fra andre produsenter eller som Philips ikke spesifikt anbefaler. Hvis du bruker slikt tibeøher eller slike deler, blir garantien ugyldig.

• Vent til apparatet er avkjølt før du legger det vekk.

• Vær forsiktig når du bruker apparatet siden det kan være svært varmt. Bare hold i håndtakene/etterens andre deler er varme og ikke må tas på.

• Sett alltid apparatet på en varmebestandig, stabil og jevn overflate. Den varme platen må aldri komme borti overflaten eller annet brennbart materiale.

• Uøngå at strømledningen kommer i kontakt med de varme delene av apparatet.

• Hold apparatet uanset brennbare gjenstander og brennbart materiale nær det er slått på.

• Ikke dekk apparatet til med noe (for eksempel et håndkle eller klesplagg) når det er varmt.

• Apparatet skal bare brukes på tørt hår. Ikke bruk apparatet med våte hendes.

• Hold alltid apparatet rent og fritt for støv og friseringsprodukter som skum, spray og gele. Bruk aldri apparatet i kombinasjon med friseringsprodukter.

• Platene har et belegg. Dette belegget kan kantskje slike sakte vekk over tid. Dette påviker ikke ytelsen til apparatet.

• Hvis apparatet brukes på farget hår, kan platen bli flekkete. Spør alltid distributøren før du bruker det på kunstig hår.

• Ta alltid med apparatet til et servicecenter som er autorisert av Philips, for undersøkelse eller reparasjon. Reparasjon som er utført av ukvalifiserte personer, kan skape svært farlige situasjoner for brukeren.

• Ikke stikk metallgjenstander inn i åpningene. Det kan føre til elektrisk støt.

• Ikke trekk i nettedlingene etter bruk. Hold alltid i støpselet når du trekker ut ledningen til apparatet.
