

Philips  
Hard disk/DVD recorder

250 GB

DVDR3590H

## Schedule your own TV time

Enjoy photos, movies and music files on TV, in the comfort of the living room. Get the most out of your TV time too, with One Touch Pause Live TV, Instant Replay and FlexTime. Watch your favourites anytime you want, without missing a beat.

### Enjoy enhanced TV viewing

- One Touch Pause Live TV freezes the action instantly
- Instant Replay for reliving a live TV moment with one touch
- FlexTime to watch the beginning while you record the end

### Bring video to life

- Progressive Scan component video for optimised image quality

### Records and plays all your movies and music

- Dual Media conveniently records on DVD+-R/RW, DVD+R DL
- Plays DivX, MP3, WMA and JPEG digital camera photos
- DivX Ultra Certified for enhanced playback of DivX videos

### Easy to use

- HDD Media Jukebox lets you store movies, music and photos
- Easy file transfer between HDD, DVD and high-speed USB 2.0
- High-speed archiving from Hard Disk to DVD

**PHILIPS**  
sense and simplicity

# Highlights

## DivX Ultra Certified

With DivX support, you can enjoy DivX encoded videos in the comfort of your living room. The DivX media format is an MPEG4-based video compression technology that enables you to save large files such as movies, trailers and music videos on media, e.g. CD-R/RW and DVD recordable discs. DivX Ultra merges DivX playback with great features including integrated subtitles, multiple audio languages, multiple tracks and menus into one convenient file format.

## HDD Media Jukebox

Create your very own digital media jukebox right in your living room. Transfer MP3, WMA,

MPEG2, DivX, DivX Ultra, Xvid, JPEG and HD JPEG files quickly and conveniently onto the recorder's built-in hard disk - from USB thumb drives, portable media players, digital cameras and even some AV devices. Play back your favourite movies, music or photos on your TV or home theatre system any time you want. The options are endless, as will be the enjoyment.

## File transfer: HDD, DVD, USB

Thanks to the complete file transferability, you can transfer or copy your multimedia files from one source to another regardless of whether

the files are stored in the recorder HDD, on a DVD disc or on your USB flash drive.

## One Touch Pause Live TV

Pause Live TV puts you in absolute control. Once the recorder is turned on, a large built-in memory automatically starts recording the programme you are watching -- allowing you to pause, replay or save the programme, any time. If you need to take a break, you can pause your 'live' TV programme with just one touch of a button, and resume watching when it suits you.

# Specifications

## Picture/Display

- D/A converter: 10-bit, 54 MHz
- A/D converter: 10-bit, 54 MHz
- Picture enhancement: Progressive scan

## Sound

- D/A converter: 24-bit, 96 kHz
