Equal cleaning performance to 2000W vacuum cleaner PowerCyclone Technology and TriActive Turbo Nozzle

The new Philips PowerPro Uno offers you the best cleaning results on hard-floors and carpets. PowerCyclone Technology maintains high suction power for maximum performance. The TriActive Turbo nozzle captures more dust and fluff in one go.

Performs like a vacuum cleaner

- As powerful as a traditional 2000 W vacuum cleaner

Optimal cleaning result on hard floors and carpets

- PowerCyclone Technology for maximum performance
- TriActive Turbo nozzle for powerful performance on carpets

Cordless all-rounder

- Powerful 18 V NiMh batteries
- Cordless operation for freedom to clean everywhere
- Self-standing position for instant parking anywhere
- Maximum flexibility to clean difficult areas
- The nozzle's motorized brush thoroughly removes pet hair

Easy to clean

- One-step empty dust bucket, simple and hygienic
- Washable foam filter for long-life performance

Highlights

Performs like a vacuum cleaner

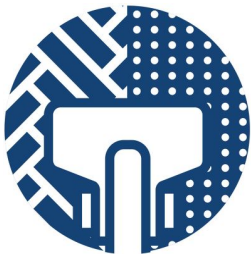

The performance of PowerPro Duo is as strong as a 2000 W vacuum cleaner. Tested internally by Philips. Compared to a FC8632.

PowerCyclone Technology

The PowerCyclone technology delivers thorough cleaning results in one go through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust from the air.

TriActive Turbo nozzle

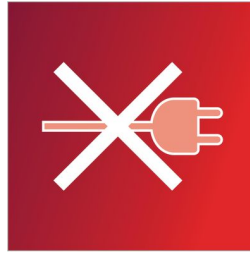

The TriActive Turbo nozzle delivers powerful performance on hard floors and carpets. The motorized brush and the optimized airflow pick up all dirt and fluff in one go.

Powerful 18 V NiMH batteries

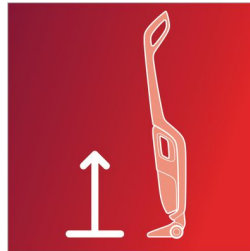

The powerful longer-lasting Nickel-Metalhydride (NiMH) batteries of the Philips PowerPro Uno ensure longerlasting power versus products with the standard Nickel-Cadmium (NiCd) batteries.

Cordless operation

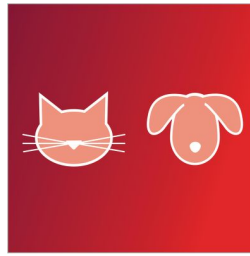

The rechargeable batteries for cordless operation gives you freedom to clean everywhere. Now the cable is not a barrier anymore and you can easily clean in different rooms with no hassle.

Self-standing parking position

The stick has a convenient parking position to stay upright, both with and without the handheld. Therefore, you can instantly park the stick anywhere you want, also while you are cleaning.

Effective on Animal Hair

Thanks to the TriActive Turbo nozzle with a motorized brush, you can now remove animal hair from couches, cushions and other fabrics. Ideal for pet owners.

Maximum flexibility

PowerPro Uno is designed to reach everywhere, so you can easily clean under the couch, bed or table without effort.

One-step easy emptying system

The dust container is perfectly designed to dispose dust directly into the dust bin. Thanks to its One-step easy emptying system you can simply empty the dust bucket without touching the dirt, avoiding complicated processes. Easy to empty and hygienic to clean.
