Introduction
 Congratulations on your purchase and welcome to Philips! To fully benefit from the support that Philips offers, register your product at www.philips.com/welcome.

Important
 Read this important information carefully before you use the appliance and save it for future reference.

Danger
 - Never immerse the appliance in water or any other liquid, nor rinse it under the tap.

Warning
 - Check if the voltage indicated on the appliance corresponds to the local mains voltage before you connect the appliance.
 - Do not use the appliance if the plug, the mains cord or the appliance itself shows visible damage, or if the appliance has been dropped or leaks.
 - Do not connect the appliance to a direct current supply.
 - Always return the appliance to a service centre authorised by Philips for examination or repair. Do not attempt to repair the appliance yourself, otherwise the guarantee becomes invalid.
 - If the mains cord is damaged you must have it replaced by Philips, a service centre authorised by Philips or similarly qualified persons in order to avoid a hazard.
 - Never leave the appliance unattended when it is connected to the mains.
 - This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning safe use of the appliance by a person responsible for their safety.

Environment
 - Do not throw away the appliance with the normal household waste at the end of its life, but hand it in at an official collection point for recycling. By doing this, you help to preserve the environment. (Fig. 1)

Guarantee and support
 If you need information or support, please visit www.philips.com/support or read the separate worldwide guarantee leaflet.

- When you have finished steaming, when you fill or empty the water tank, when you perform cleaning and rinsing and when you leave the appliance even for a short while, remove the mains plug from the wall socket.
 - Keep the appliance and its mains cord out of reach of children.
 - Children should be supervised to ensure that they do not play with the appliance.
 - Only connect the appliance to an earthed wall socket.
 - Do not use the appliance when the water tank is empty.

Caution
 - Check the mains cord regularly for possible damage.
 - Beware of hot steam and hot water that comes out of the steamer during use. Steam and hot water can cause burns.
 - The nozzle of the steamer head can become extremely hot and may cause burns if touched.
 - This appliance is intended for household use only.
 - Never drag or pull the appliance across the floor.
 - Do not place the steamer base on top of table or chair but rather keep the steamer base on the floor during usage duration.
 - If the hose forms a U shape, steam condenses in the hose. This causes irregular steam or water droplets to come out of the steamer head.
 - Do not let the mains cord come into contact with hot steam when the appliance is in operation.
 - Steam may damage or cause discolouration of certain wall or door finishes.

Electromagnetic fields (EMF)
 This Philips appliance complies with all applicable standards and regulations regarding exposure to electromagnetic fields.

Environment
 - Do not throw away the appliance with the normal household waste at the end of its life, but hand it in at an official collection point for recycling. By doing this, you help to preserve the environment. (Fig. 1)

Guarantee and support
 If you need information or support, please visit www.philips.com/support or read the separate worldwide guarantee leaflet.
