Discover fuller flavours

Seal in the flavour with high temperature plates

This health grill has high temperature grill plates to seal in all the juicy flavour. It's fast-heating and has extra thick plates that stay hot no matter what, while smart features like reversible plates cook up many delicious delights.

Discover variety of fuller flavours

- High temperature grill plates seal in all the flavour
- Extra thick grill plates stay hot, even with frozen food
- Recipe booklet
- Digital timer helps you to time meals to perfection
- Adjustable thermostat ensures perfect results for every food

Only a little effort

- Spatula
- Non-stick grilling surface
- Easy to store upright
- Dishwasher-safe parts

Smart features

- Reversible grill plates allow ribbed or smooth grilling
- Grill surfaces can be used in sloped or horizontal position
- Multiple grilling positions: closed, fully open or gratin

Highlights

High temperature grill plates

The high temperature of the grill plates seals in all the juices and flavour of the food. That's because the moment the food comes into contact with the surfaces of the grill, it begins to sizzle and brown, forming a tasty crust that keeps all the goodness and flavour inside, where it belongs.

Extra thick grill plates

The extra thick grill plates retain more heat than a standard grill, so it stays hot, even when you place frozen food onto it. This constant temperature cooks food faster and more evenly. It also keeps the plates hot in those first crucial moments when you place food onto the grill, sealing in all the flavour and juices.

Digital timer

Digital timer helps you to time meals to perfection.

Reversible grill plates

The reversible grill plates let you cook with either a ribbed or smooth grilling surface, so you can enjoy your food exactly the way you like. The smooth plates are suitable for stir-

frying and grilling small pieces of food. The ribbed surfaces create that irresistible flame-grilled effect.

Recipe booklet

Recipe booklet packed with expert tips and tasty treats.

Spatula

Spatula for flipping, stirring and removing food.

Adjustable thermostat

Adjustable thermostat ensures the perfect result.

Upright storage

Easy to store upright; tidy storage of cord and tray.

Dishwasher-safe parts

Dishwasher-safe parts make cleaning easy.

Sloped or horizontal grilling

The adjustable grilling surfaces can be used in either a sloped or horizontal position, giving you plenty of different ways to cook. The sloped position lets excess grease run off into the included grease tray, which is very healthy and ideal for meats and foods containing excess oil. The horizontal setting is for cooking the food in its own tasty juices or a marinade, and is great for stir-frying and grilling.

Multiple grilling positions

The grill can be used with the lid sealed, fully open or gratin, allowing you to prepare many different dishes. 1. The sealed position holds in all the flavour and is ideal for grilling meat, fish, vegetables or sandwiches. 2. The fully open position is like a mini-barbeque, perfect for table grilling, fun cooking or warming up your food. 3. The gratin position is suitable for melting cheese onto toast or vegetables such as tomato and courgette.

Specifications

General specifications

Integrated on/off switch
Power-on light
Temperature light
Cool-touch handgrips
Non-slip feet
Cord storage
Grease tray storage

Technical specifications

Cord length: 1 m
Power: 2000 W
Voltage: 220-240 V
Frequency: 50/60 Hz
Grill plate dimensions (W x D): 319 x 223 mm

Design and finishing

Color(s): Black/metal/red
Materials: Stainless Steel / ALU plates / plastic parts

Weight and dimensions

Product dimensions (W x H x D): 405 x 280 x 315 mm
Weight appliance: 4.6 kg
