# Highlights

## MicroStore

Microstore allows you to store all your accessories inside the bowl for easy and compact storage.

## Vertical design

The special vertical design has a 35% smaller footprint versus side-by-side food processors. This saves valuable worktop space and means that even the smallest kitchens can now have a food processor.

## 500 W motor + 2 speeds + pulse

With the 500 W motor plus 2 speed settings and pulse button you can pick the right speed for optimal results

## 25+ functions

The Food Processor comes with 7 accessories to perform 25+ functions. The dishwasher-safe accessories are: a kneading tool for mixing batter and for heavy kneading; a stainless steel chopping knife for preparing meat and vegetables; metal disc inserts for handling medium shredding and granulating; a break-resistant blender of 1.5 l for blending, crushing and stirring different ingredients; and an emulsifying disc for preparing food like whipped cream and mayonnaise.
