**Troubleshooting**

**Problem**

- No power: Check the AC power cord if it is properly connected. Unplug the AC power cord and wait for about 5-10 seconds. Plug it back in and attempt to Power On the unit.

- No sound or picture: Make sure both the TV and Blu-ray Disc™ player are turned on. Confirm the connections to the TV are made properly as shown in CONNECTIONS.

- No reaction to the remote control: Confirm that the player’s AC power cord is plugged into a power outlet. Check the batteries in the remote control and make sure they are inserted properly by + or - symbols. Aim the remote at the unit’s remote receiver. Then press any arrow keys and confirm the Power-On indicator dims and illuminated when a remote button is pushed. This confirms that unit is receiving the remote signal.

- No high-definition video signal on the TV screen: Does the disc contain high-definition video and the TV supports it? The disc contains it and the TV supports it.

- Distorted picture: Sometimes a small amount of picture distortion may appear. This is not a malfunction. Connect this unit directly to the TV. If Audio/Video cables are connected to the TV, pictures may be distorted due to the TV copyright protection system.

- Cannot play back a disc: Make sure that the product supports the disc. Check the region code of the disc. This unit supports the following region codes.

- Cannot connect to the Internet: Check network settings on the unit. Please refer to Online Owner’s Manual.

If you do not find a solution above, please visit our website www.magnavox.com for further assistance.
SAFETY INSTRUCTIONS

The important note and rating are located on the rear or bottom of the cabinet.

INSTRUCCIONES DE SEGURIDAD

El modelo y el número de serie de esta unidad se pueden encontrar en la caja. Deberá anotar y guardar el modelo y el número de serie para consultarlos, si los necesita, en el futuro. Por favor consulte la LIMITED WARRANTY para mayor información.

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
