# Highlights

## (Patented) Super Lift & Cut

The first blade raises each hair while the second blade comfortably cuts it below skin level, for a really smooth result.

## DualPrecision heads

DualPrecision heads comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

## Charging stand

The charging stand is designed to fit into even the smallest spaces. So you can place it wherever you want, or take it with you when you travel.

## Cordless and corded use

An efficient, powerful lithium-ion battery gives you more shaves per charge. You'll have up to 40 minutes of shaving time – that's around 14 shaves, after 8 hours of charging. Plug it in for 3 minutes and you'll have enough power for one shave.

## Flexing heads

The flexing heads keep the shaving surface in close contact with your skin for a fast and efficient shave.

## Pop-up trimmer
