- Type of shelf placement: Both

Highlights

3 ear tip sizes

Comes with 3 pairs of ear tips in different sizes, offering you the best possible fit.

Adjustable ear hook

With its patented adjustable ear hook, ActionFit headphones ensure a fit that's secure yet comfortable. Just hook the headphones on to your ears and slide the adjustable hook up or down to snugly fit your ear just so. Now you're all set to conquer any workout or terrain - your headphones are staying on, no matter what.

Extra durable Kevlar® cable

Your ActionFit headphones are designed for durability and strength. Its Kevlar-coated cable is well protected against tearing and breaking, and can withstand extreme environments and workouts.

High performance sound

8.6 mm drivers pump out high performance sound, pushing you to perform at your best.

Noise isolation

In-ear headphones create a tight seal in the ear canal, resulting in a high-impact noise isolation effect. Meanwhile ergonomic acoustic tubes ensure an optimal fit.

Sweatproof and waterproof

Don't be afraid to break a sweat, or venture into the elements. With an IPX4 rating, you can get sweaty and work out in the rain without any moisture entering the earpiece.

Tangle-free workout

A cable clip keeps the wires out of your way while you push yourself harder.

Ultralight design

Your ActionFit headphones weigh in at a mere 7.1gm, making them ultra lightweight and a pleasure to wear. In fact, you will hardly feel them when you're working out - just the superb, powerful sound that keeps you focused and motivated.

Sporty pouch

Keep your headphones safe in the breathable pouch for quick access and easy portability.

Washable

Constructed with waterproof materials allowing you to wash your headphones under running tap water.
