- Flexible neckband auto-adjusts for an ideal fit
- 3 ear tip sizes for the optimum fit
- Cable clip included for tangle-free workout

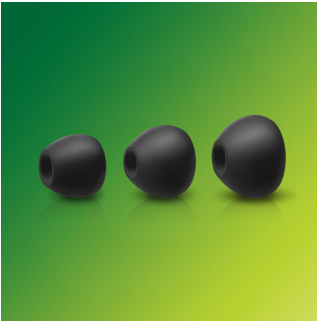

protection

- Ideal for intense workouts with IPX4 water resistance
- Kevlar® reinforced cable for ultimate durability
- Sporty carrying pouch for easy storage

PHILIPS

Highlights

3 ear tip sizes

Comes with 3 pairs of ear tips in different sizes, offering you the best possible fit.

Auto-adjustable neckband

A neckband made with a supple spring-wire that moulds itself to you makes these ActionFit headphones effortlessly comfortable. Lightweight rubberized earhooks and the auto-adjusting rubber neckband keep them secure yet comfortable throughout any workout.

Extra durable Kevlar® cable

Your ActionFit headphones are designed for durability and strength. Its Kevlar-coated cable is well protected against tearing and breaking,

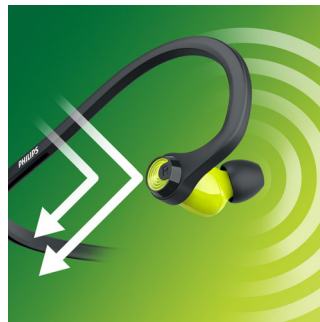

and can withstand extreme environments - and workouts.

High performance sound

8.6mm drivers pump out high performance sound, pushing you to perform at your best.

Noise isolation

In-ear headphones create a tight seal in the ear canal, resulting in a high-impact noise isolation effect. Meanwhile ergonomic acoustic tubes ensure an optimal fit.

Sporty pouch

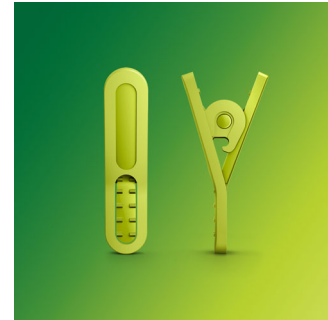

Keep your headphones safe in the breathable pouch for quick access and easy portability.

Sweatproof and waterproof

Don't be afraid to break a sweat, or venture into the elements. With an IPX4 rating, you can get sweaty and work out in the rain without any moisture entering the earpiece.

Tangle-free workout

A cable clip keeps the wires out of your way while you push yourself harder.

Ultralight design

Your ActionFit neckband headphones weigh in at a mere 11.4gm, making them ultra lightweight and a pleasure to wear. In fact, you will hardly feel them when you're working out - just the superb, powerful sound that keeps you focused and motivated.
