Breathtaking picture. Cinematic sound.

Dolby Vision · Atmos | HDR10+

Love movies? Be immersed in the cinematic performance of this OLED+ TV. Next-generation P5 picture processing and up-firing Bowers & Wilkins speakers envelop you in a lifelike picture and thrilling audio. You'll see-and hear-every detail.

There's OLED, and then there's OLED+

- 4K UHD OLED+ TV. The difference is real.
- Immersive sound. Bowers & Wilkins meets Dolby Atmos.
- Ambilight. Take the emotion beyond the screen.

Cinematic performance. Breathtakingly real picture.

- 3rd Gen P5 engine. Whatever the source, always perfection.
- Perfect Natural Reality. More depth, more detail.
- Dolby Vision and Dolby Atmos. Cinematic vision and sound.
- HDR10+. See more of what the director intended.

Immersive next-level sound by Bowers & Wilkins

- Up-firing speakers for Dolby Atmos. 2.1.2 soundbar
- Integrated sub-woofer, tweeters, and full-range drivers

Android TV-content at your command

- Google Play store and Philips app gallery. More to love.
- AI voice control. Google Assistant built-in. Works with Alexa.

Highlights

P5 Pro Perfect Picture Engine

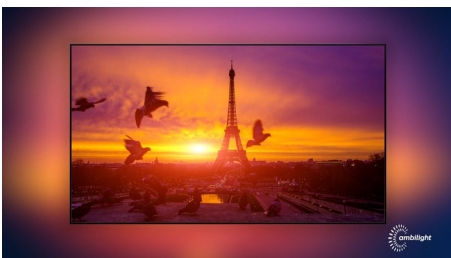

Philips P5 Pro Perfect Picture Engine, with the brand new generation Picture Quality Processor brings you to another level of visual experience. See our OLED TVs with the truest of blacks, vibrant colors, most realistic natural skin tones and incredibly smooth motion. Now you can see every details with greater depth impression, clean and yet sharper picture performance. Our Philips OLED TV brings you a new era of picture quality realism.

Sound by Bowers & Wilkins

A picture this lifelike demands true sound. An exclusive speaker design by legendary audio engineers Bowers & Wilkins delivers thrillingly lifelike performance. Up-firing speakers let you get the most out of Dolby Atmos. Feel the drama flow above and around you-whether it's spaceships flying overhead or the crowd in an arena.

Ambilight 3-sided

With Philips Ambilight, movies and games feel more immersive. Music gets a light show. And your screen will feel bigger than it is. Intelligent LEDs around the edges of the TV cast on-screen colours onto the walls, and into the

room, in real time. You get perfectly tuned ambient lighting. And one more reason to love your TV.

Kvadrat speaker fabric

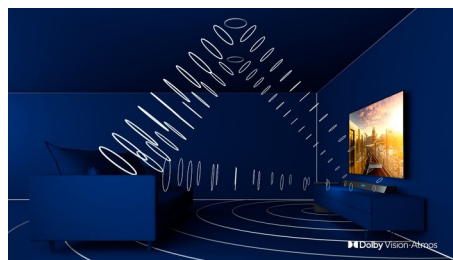

Sound this perfect should be heard with no obstructions. The soundbar on this Philips TV is covered with a premium speaker fabric created by high-end manufacturer Kvadrat. This beautiful wool-blend material is acoustically transparent, allowing every scintillating detail to flow freely from the speaker into the room.

OLED+

A Philips OLED+ TV takes the beauty of OLED to another dimension. Discover new levels of nuance and detail thanks to our P5 picture processing. Revel in the thrilling sound of speakers designed with Bowers & Wilkins. Do more with up-to-the-minute smart functions, and immerse in the content you love with Ambilight. It's more than OLED. It's OLED+.

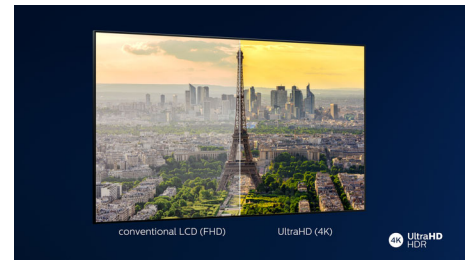

Dolby Vision and Dolby Atmos

Support for Dolby's premium sound and video formats means the HDR content you watch will look-and sound-gloriously real. Whether

it's the latest streaming series or a Blu-Ray disc set, you'll enjoy contrast, brightness, and color that reflect the director's original intentions. And hear spacious sound with clarity, detail, and depth.

HDR10+

With a Philips HDR10+ TV, picture quality is even more immersive and lifelike. Dynamic metadata enables your TV to adjust brightness levels from frame to frame. From bright skies to candlelit temples, colours look real. Original details are preserved. Contrast is impeccable.

AI voice control.

Control your Philips Android TV with your voice. Want to play a game, watch Netflix, or find content and apps in the Google Play store? Just tell your TV. You can even command all Google Assistant-compatible smart home devices, like dimming the lights and setting the thermostat on movie night. Without leaving the sofa. The days of searching for the TV remote are over. Now you can use your voice to control your Philips smart TV via Alexa-enabled devices, like Amazon Echo. Turn your TV on, change the channel, switch to your gaming console and more with Alexa.
