Maximum light emission

Maximum emission of light for extreme conditions

The Rally range offers maximum light output for driving in extreme conditions. Developed to off road usage, the Rally range gives you a perfect illumination to face any weather or road condition with a reliable Philips product.

Superior quality with enhanced visibility

- Award winning car lamp manufacturer
- Philips is the choice of major car manufacturers
- Change both your headlamps at once for more safety

Ideal for those who need maximum light output

- High light output for best performance

Highlights

High output

The Rally range features high power and light output. Ideal for those who need maximum light output, providing the best performance even in extreme conditions.

Rewarded Car lamps

Our lamps are often rewarded by automotive experts

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Change in pairs

It is highly recommended to replace your headlight bulbs in pairs for symmetric light performance.

Specifications

Packaging Data

EAN1: 8727900362398

EAN3: 8727900362411

Packaging type: C1L

Product description

Technology: Halogen

Application: High beam, Low beam, fog beam

Range: Rally

Type: H1

Homologation ECE

Designation: H1-12454RA-CI

Base: P14,5s

Marking ECE: E1 21P

Electrical characteristics

Wattage: 100 W

Voltage: 12 V

Marketing specifications

Expected benefits: More light

Product highlight: Maximum light emission

Light characteristics

Lumens: 2500 lm

Ordering information

Order entry: 12454RAC1

Ordering code: 36239860
