Designed to last

Full stainless steel with extra-large lid opening

Durable kettle in safe, food-grade full stainless steel for long and reliable daily use. Philips brings 60 years of trust and expertise to this elegant long-life kettle.

Fast, safe boiling

- Durable full stainless steel body for long life
- Micro-mesh filter captures tiny limescale particles
- Flat heating element for fast boiling
- Multi safety system against boil-dry

Simple to fill, use and clean

- Spring lid with large opening for cleaning
- Easy-to-read water level indicator
- Pilot light indicates when the kettle is switched on
- Easy refilling through lid or spout
- Cordless kettle with 360° pirouette base
- Cord winder for easy adjustment and storage

Highlights

Stainless steel design

Durable full-metal design in food-grade brushed stainless steel for long, reliable use.

Multi safety system

Multi safety system against boil-dry, with auto-switch off when the water is ready.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Pilot light

Elegant indicator light incorporated in the power switch illuminates when the kettle is turned on.

Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

Water level indicator

The water level is easy to read with an indicator located underneath the handle.

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Spring lid with large opening*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.
